

Dear families,

We are ready to launch our class twitter pages! The benefits of twitter for you, the parents, are that you will have instant access to pictures, videos and blogs that the children have created that day and get a real time window into your child's exciting learning. You can also follow the school's open account **@OPA\_LL**. This account is a central hub for all the wonderful learning that takes place each week.

To create a twitter account, you must log on to [twitter.com](http://twitter.com) and sign up for free by adding your email address, username and password. When you have created your account, search for your child's class from the list below and click the blue follow icon. Please feel free to drop in and ask your class teacher about any set up issues and they will be happy to assist.
