Welcome Back

A big well done to all of our children and families for the successful return to school since the previous lockdown. Attendance has been high across all year groups with children attending in their correct uniform and showing a positive attitude to learning at all times. Teachers have thoroughly enjoyed seeing the children back in class together; sharing ideas, working in groups and supporting one and other.

World Book Day was a huge success. We loved to see the amazing outfits across the academy with children dressing up as their favourite book characters. The day saw a range of activities across the academy with a poetry competition being held!

Leeds United

Leeds United Football club, in partnership with Wakefield SSP, hosted an opportunity for Year 6 to interview two of their up and coming stars – children were able to ask them questions about their personal experiences around reading and who their favourite book characters were. Year 6 loved the experience!

Curriculum Talent Awards

Congratulations to all of our Curriculum Talent Award winners this term – all children have worked incredibly hard to have been nominated for a subject. All of our nominees showcased their wonderful work from the half term – a huge well done to all children nominated as well as our winners!

British Science Week 2021

British Science Week, led by Mrs Barker, saw a range of science investigations taking place across school with tutorials of experiments being offered for children in school and at home.

Thank you to Morrisons for their kind chocolate donation to all of our children at OPALL. What a lovely way to start the Easter holidays.

Bikeability

Year 5 children have taken part in their bike ability this half term – finding out all about how to maintain a bicycle and the importance of road safety. All children passed the course at different levels. A huge well done to all children who took part in the training.
