Our E-Safety Officers have taken a proactive role in ensuring children understand the importance of internet safety.

If you have any questions, or need any assistance (students and staff), be sure to ask our E-Safety Officers!

At the start of Autumn 2, we held a poster competition. We picked our winner because she went above and beyond by creating a book and included some of her own top tips for staying safe online which were well-informed and creative. She even created her own character for her E-Safety story. Well done Eleicia from 3MR!
