

Tuesday 27th February 2024

Dear parents/carers,

Cluster Science Fair

This year, we have formed a partnership with the Ogden Trust to bring physics to life for the children and provide enrichment activities. Over the last term in school, the children have worked collaboratively in groups to investigate questions relating to 'Flight' as part of our Great Outwood Science Fair. Winners from classes were chosen and the winning children took part in a whole school science fair. Your child was part of the winning team!

We now have the great opportunity to attend a Cluster Science Fair competing against a number of other primaries in the Outwood family.

The Science Fair will take place on **Wednesday the 13th March** at Outwood Grange Academy in school time. Staff will take your child to the competition after they arrive in school at the usual time and return in time for the end of the day. Your child will need to arrive and be collected from school at normal start and finish times.

Lunch will be provided on the day but please make us aware of any dietary requirements, and they will need to bring a water bottle with them.

Please complete the google form below by Friday 1st March 2024 to give permission for your child to attend the event.

Thank you for your continued support,

Mrs Hopper
