Dear Parent / Carer,

RE: Big Life Journal Donation

Our school was recently nominated by a parent to receive some growth mindset products provided by Big Life Journal. We are very appreciative of this very kind gesture and contribution.

Big Life Journal helps children and adults develop social-emotional learning (SEL) and growth mindset skills using science-based journals, printables, and engaging activities.

We are happy to inform you that our school has been donated Big Life Journal Daily Editions (ages 5-11) so that you and your child can benefit from the valuable tools.

Children in Years 4, 5 and 6 will each receive one of the donated journals to take home and share with their parents or carers. Teachers will be talking to the children about our wonderful donation and how it can help them.

More information regarding these resources and what Big Life Journal has to offer can be found via the following link <https://biglifejournal.com/>

We hope that this will support you and your child greatly!

Yours faithfully,

Mrs R Skirrow
Principal
