

Class performance:

This week we have started to practice for our end of year performance – an exciting episode of the channel 4 hit show, Gogglebox.

On Monday we read through the script and held auditions for the various roles. Since then we have rehearsed numerous times.

We've sketches from numerous hit TV shows, such as Britain's Got Talent, Dr Who and even the classic show, Stars in their Eyes.

The play is very enjoyable because we get to laugh at each other as we play different characters - **Aamina**

This week I really enjoyed practicing for the play, because I got the part I liked. At the moment I can't get through the scene without laughing - **Arabella**

Weekly Updates

Sports Day:

On Tuesday afternoon, the children competed in our class Sports Day.

The events consisted of:

60m sprint, shuttle run, a four-team relay, long jump and shotput.

All the children did a fantastic job and were really resilient and tried their best.

I enjoyed the long jump. I jumped further than I thought possible – **Kobby**

I really enjoyed the relay race because the whole class took part and it was fun to compete with everyone – **Grace H**

Our dance:

For part of our Gogglebox show, there is a Britain's Got Talent section where we perform a dance off against 6MB.

Our dance to Waka Wake is both fun to perform and to watch.

I enjoy the dance because we get to include the Haka which we learnt in P.E last half-term – **Ellen**

I love the dance because I get to pretend I am Simon Cowell and judge the dance, which is fun - **Abiudh**

Even though I'm still learning the dance, it is extremely fun because the dynamic dance moves are weird and odd. - **Jacob W**

Upcoming:

- We are going to continue practicing our play and class dance
- Work towards our Young Sports Leader award.
- Enjoy this term's virtual Curriculum Talent Award ceremony on Friday

Thanks, Mr Bower, Mrs Raw and the wonderful students of 6AB.
