Dear Parents/Carers

School Parliament have now launched a charity fund-raiser for Make-A-Wish foundation. We've decided to sponsor this charity after meeting with Shirley Bird, who works with Make-A-Wish to deliver fantastic experiences to children who are critically ill.

Following agreements made in one of our meetings, a Wishing Wall has been created in school where children can have their wishes displayed for the whole school to see. We are sending home slips for children to write their wishes.

If the children can return these slips, with a suggested donation of £1, their wish will be written on a gold or silver star and placed on the display.

This is an exciting opportunity for our students to take part in raising money for a worthy cause. All money raised will be donated to the Make-A-Wish foundation.

Kind regards

School Parliament & Mr A Bower
