What sort of help could my child get?

Most parents/carers remain responsible for the cost of their children's bus fares between home and school. However, any child under the age of 16, living in the Wakefield District and in full-time education, need only pay half the adult single or return fare. Pupils aged 11 to 16 need a Young Person's Photocard as proof of age and residence. The Young Person's Photocard can also be used in conjunction with the weekly and monthly U19 MCard, which is valid on buses only. You can get more information from Metro Travel Centres and from Metro's website for young people at www.generationm.co.uk

If, however, following an assessment we agree your child is eligible to receive free travel your child will be issued with a bus pass to enable them to travel free on the public service network or school buses.

Will my child get free travel if they attend their catchment area school?

Transport legislation does **not** recognise catchment areas or Local Authority district boundaries as part of the assessment criteria for the entitlement of free school transport. Only the nearest qualifying school (subject to a distance criteria) can be considered for transport purposes and this school may **not** be the catchment area school. If your child attends a school in the Wakefield District but there is a nearer school in a neighbouring authority with places available (i.e. Leeds, Barnsley, Kirklees) your child will not be eligible to receive free travel to the school in the Wakefield District. Qualifying schools include community, foundation or voluntary schools, pupil referral units, academies and city technology colleges.

What is the criteria for free travel assistance?

The following categories of children of **compulsory school age** are entitled to free transport to help them get to and from school:

- Children aged 5 – 8 years who live more than 2* miles from the nearest qualifying school by the nearest available walking route (free travel at the 2 mile limit will only be provided up to the end of the term in which the child becomes 8, after that a 3 mile limit will apply);
- Children aged 8 – 16 years who live more than 3* miles from the nearest qualifying school by the nearest available walking route;

Children from **low income families** (i.e. those pupils entitled to free school meals or whose parents receive the **maximum** level of Working Tax Credits) are also entitled as follows:-

- Children aged 8 – 11 years who live more than 2 miles from the nearest qualifying school;
- Children aged 11 – 16 years who attend one of their 3 nearest qualifying schools which are more than 2 miles but less than 6** miles from home;
- Children aged 11 – 16 years who attend their nearest school preferred on the grounds of parents religion or belief which is more than 2 miles but less than 15** miles from home.

*The 2/3 mile distance is measured as the nearest available walking route along which the child, accompanied as necessary, could walk with reasonable safety to school. This route could include footpaths, bridleways and other pathways as well as recognised roads.

**The 6 mile limit to a choice of schools and the 15 mile limit to a school preferred on the grounds of religion or belief are not walking routes. These routes will be measured along road routes.

In addition, we may also be able to help with transport arrangements for:-

- Children who are unable to walk to school because of their special educational needs, disability or mobility problems. If your child is in receipt of an Education, Health and Care Plan (EHCP) / and requires transport assistance you will need to complete a different Transport Request Form (which also incorporates a risk assessment). Please contact the Home to School Transport Team for details.
- Children who are unable to walk in safety to school (accompanied as necessary) because of the nature of the route;
- Young children with disabled parents who cannot accompany them on their journeys between home and school

What if I apply for help for my child and this is refused?

If we refuse your application we will send a letter explaining why and provide you with details of the two stage appeals process.

What if my child is attending a Denominational School/Academy?

From September 2013 only those pupils who are attending the nearest qualifying school by the nearest available walking route subject to the 2/3 mile distance criteria or those pupils who come under the low income category will be eligible for free travel.

What if my child is over 16?

A separate policy exists for post 16 students. A full copy of the policy and application form can be obtained from the Home to School Transport Team or can be located on the Council's website www.wakefield.gov.uk/schools-and-education/schools/school-travel-and-transport. These are available from 1 June each year.

We will process mid-year applications within 10 working days of receipt of your form. However, during certain times of the year (i.e. start of September) this may not always be possible due to competing demands and volume of work.

Guidelines for Managing Behaviour on Public Service/School Buses

The behaviour of the majority of pupils on public service/school buses is generally very good and does not cause any concern. However, the behaviour of a minority of pupils can be unacceptable and unsafe. Where a pupil is found in breach of the guidelines and/or conditions of use imposed by Metro, this could result in a temporary or permanent withdrawal of the school card. Parents will then be responsible for transporting their children to/from school together with associated costs. Where a sanction is applied parents/carers will have the opportunity to appeal.
